

STATE TAKES APPEAL FROM DAMAGE GRANT

The Commonwealth has appealed a finding of a board of view that the state should pay Sizer A. and Frances E. Burton, Gettysburg R. 2, \$16,000 for damages to the Burton property caused by the relocation of Route 15.

Attorney Oscar F. Spicer filed the appeal, asking a jury trial, with the prothonotary Monday.

The board of view handed down its decision October 16. In its findings filed in the prothonotary's office, the board listed five estimates of the damages given at a hearing. Lee M. Hartman, Hanover St. realtor, appearing for the Burtons, testified their property was worth \$44,500 before the taking of land and \$22,600 afterward. Harry Scott, Freedom Twp. farmer, appearing for the Burtons, estimated the value of the property before taking at \$45,000 and its value afterward at \$20,000. Mr. Burton also claimed he had \$25,000 damages, listing the value of his farm before the taking at \$50,000 and its value afterward at \$25,000.

For the Commonwealth, William A. Bigham, Buford Ave., realtor, listed the value before taking at \$30,500 and afterward at \$22,500. B. A. Wagner, York, for the Commonwealth, listed the value of the farm before the taking at \$35,300 and the value afterward at \$28,800.

Members of the board of view for the Burton claim were Attorney Eugene R. Hartman, Cameron Garretson and William Weidner.

At least three additional reports of boards of view on damages caused by relocation of Route 15 are scheduled. The court recently appointed boards to assess damages to properties of J. Leslie Bowling, Harry E. and Mary Carbaugh and Vernon O. Baker.

2 MARYLAND HUNTERS ARE FINED MONDAY

It cost Paul Thomas Fair, 22, and Donald Junior Miller, 25, both of Thurmont R. 1, \$250 plus costs Monday afternoon because they shot a pheasant just as a state policeman's car came around a corner.

Trooper Harold J. Herring was patrolling on Twp. Route 321, near the Twin Hemlock Pheasant Farm in Liberty Township, at 2:10 Monday afternoon.

His tour of duty had been uneventful but as he rounded a corner a rifle suddenly popped out the window of a 1957 panel truck ahead and a shot was fired at a pheasant.

Officer Herring questioned Fair and Miller, found that they had never hunted before in Pennsylvania and that they allegedly did not know it is illegal to have a loaded rifle in a truck, or to fire at game from inside the truck. They also had to confess they had no hunting licenses.

Officer Herring brought the pair to Gettysburg where he turned them over to Deputy Game Protector Chester S. Shriver. Shriver called Huntingdon and had Game Protector Homer Thrush paged via the Game Commission's radio network.

A few minutes later Game Protector Thrush and Deputy Shriver met with Fair and Miller before Justice of the Peace Robert P. Snyder.

Snyder said to each: "\$50 for hunting without a nonresident hunter's license, \$50 for hunting from an auto and \$25 for possessing a loaded rifle in an auto, plus costs."

Each promptly paid his \$125 plus costs.

TELLS ROTARY OF PROGRAM AT HOFFMAN HOME

How Hoffman Home came into existence and how it has changed with the changing needs of recent years was outlined Monday evening by Gerald Hagmayer, executive director of the home near Two Taverns, at a meeting of the Rotary Club in the YWCA.

George Hoffman, who with his wife founded the home, was a Civil War soldier who fought in the Battle of Gettysburg and later served with the occupation forces in the south. "I feel that he saw many children orphaned by war and disease and as a result he was determined to do something to help alleviate the condition of those children whose parents had died. He willed his farm and a sum of money to establish Hoffman Home," then called the Hoffman Orphanage," the speaker said.

FOUNDED IN 1910

"When the Hoffman Home was founded in 1910 there was great need for institutional care for orphan children. Epidemics would wipe out some families, leaving a few children in other cases with no parents to care for them, and in many instances no relatives or anyone else who could take them into their homes. Orphanages were the only possible solution.

"However with the advance of medical science, the epidemics have been almost wiped out and

General Motors Reports Record Profit And \$569 Million Dividend Profit

DETROIT (AP) — Boom year 1964 of the nation's auto industry now boasts record ninth-month earnings from each of its "Big Three."

General Motors, biggest of the trio, made it complete Monday by reporting a \$1.36-billion profit and announcing a \$569-million dividend payment.

The GM dividend, a \$2-a-share payment to 1.15 million common stockholders, will help to swell the pre-Christmas flow of money. The \$2 is \$1.35 above the usual GM quarterly payment.

Earlier, both Ford and Chrysler had reported record ninth-month earnings.

CRIPPLING STRIKE

General Motors made its profit report as the giant automaker was getting up headway again in production following a crippling United Auto Workers Union strike.

For the first time since the strike began Sept. 25, all five of GM's passenger car divisions were turning out cars Monday, the company said.

The UAW called off its national strike Oct. 5, following agree-

FIREMEN WILL CONDUCT M-D CANVASS HERE

The annual campaign for muscular dystrophy will be conducted by the Gettysburg Fire Department Wednesday evening, co-chairman William DeHaas announced today.

Assisting the firemen in the drive will be the members of the Kappa Delta Rho fraternity, the Junior Firemen and members of the Boy Scouts.

Those taking part gather at the engine house on E. Middle St. at 6 o'clock Wednesday evening and then visit from door to door seeking donations. The campaign is scheduled to end about 9 o'clock Wednesday evening.

SEEK OVER \$1,000

DeHaas said it is hoped the drive will again raise more than \$1,000 for the muscular dystrophy program in the county and nation.

Most of the funds raised here go to help provide transportation to clinics and other aid to the 12 youngsters in the county who suffer from the disease. The remainder goes into the research program by which it is hoped eventually the cause and cure of the disease can be discovered.

DeHaas said during the last year the research has discovered a drug which has proved helpful for a few sufferers from the disease whose cases were diagnosed early.

SUPER SABERS WIN

The Gettysburg College ROTC Super Sabers won first prize of \$75 for drill teams in the annual Hagerstown Halloween parade Saturday evening.

600 ABSENTEE VOTES COULD BE DECISIVE

With almost 600 absentee ballots already returned to the courthouse here, the possibility developed today that close contests in this county may not be decided until the absentee votes are counted on November 13.

The Adams County Commissioners today are concerned with problems arising from the election and got an early start this morning by having to rule on whether a precinct watcher may ask a voter his name. The commissioners ruled that such questioning is valid.

The first absentee ballot holder appeared at 10 o'clock before the commissioners after she found that she would be able to vote in her assigned precinct. She was taken before Judge John L. Bowman, Lancaster County jurist, who is sitting here today in the absence of Judge W. C. Sheely, who is serving in Fulton County. The voter was required to release the uncast absentee ballot to the judge, who declared her eligible to vote in her own precinct.

EMERGENCY BALLOTS

Clerk to the Commissioners M. Hardy Nichols said that a dozen emergency absentee ballots were issued Monday to persons who found at the last minute that they would be unable to vote at the polls today. Several were issued to persons who were hospitalized suddenly, either as surgical or maternity patients, and for other sudden illnesses which would keep them from the polls. Several emergency ballots also were issued to persons who were called from the county by business.

Absentee ballots must be declared by today and will be counted November 13 at 10 a.m. by the commissioners. Among the absentee votes will be those of General and Mrs. Dwight D. Eisenhower, who are in Australia.

Council Will Study Cable TV Restrictions And New Suggestions On Parking

Gettysburg borough councilmen are scheduled to study a number of suggestions for regulation of Community Antenna Television and a number of proposed changes in parking regulations and placing of traffic lights during the next several weeks.

Councilman Kenneth P. Hull, presenting the report of a special committee which for the last month has studied proposed CATV regulations, asked the councilmen to ponder the suggestions, then make proposals to his committee so it can present an ordinance at the December meeting.

The council members were also asked to study a number of proposals on traffic regulations made by Mayor William G. Weaver and return their suggestions to the mayor, after which the proposals and suggestions will be referred to appropriate committees.

HEAR OPPOSING ARGUMENTS

Approximately an hour was spent at Monday night's council session in discussion of a proposed Community Antenna Television ordinance. Jay Sixes presented a petition signed by a number of local television sales and service businesses "opposing unlimited cable television grants." Bill Warren, Carlisle St. motel operator, who is proposing to install a CATV system here, presented arguments against several proposed control measures. David Garfinkle expressed opposition to stringent controls of CATV.

Councilman Hull said his committee had various persons before it, and checked with the FCC and PUC before drawing up the proposed list of regulations.

He submitted 12 proposals which provided among other things that no pay-TV could be transmitted through the CATV system.

OBJECTS TO RESTRICTIONS

The proposals provided that a \$50,000 bond be posted to protect the borough, prohibit the CATV operator from engaging in the sale of receivers and repair service, prohibits any interference with present TV reception, forbids transmission of any programs except those coming from regular broadcasting stations, prohibits origination of local programs and advertising, provides that ownership of the CATV business cannot be transferred without council permission, provides for a 10-year limit for the license, after which it may be renewed, and provides for forfeiture of the

BIGLER BOARD TO HOST GRID TEAM NOV. 19

The Biglerville school board at a meeting Monday evening voted Nov. 19 for the first varsity football banquet to be held in the Arendtsville Elementary School cafeteria.

The board approved the appointment of Donald B. Hills at a salary of \$6,600 to teach science and coach wrestling. He succeeds John Toggas, who resigned Nov. 1 to accept a position in the York school system. Gilbert Smith, a member of the faculty, will be in charge of physical education.

Superintendent Donald B. Hudson in his report listed the magazine campaign sales total as \$6,192.74. This money will be divided into the several funds that need money for their operation. The two largest shares will go to the Exchange Student Fund and the school newspaper. The upper classes receive money shares from their profits for their own sales and will use the money toward their annual New York trip, which the board also approved.

Hudson reported that Drs. B. C. Jones and W. N. Sterrett, and Raymond Hale covered the home football games this year. Approval was given for Hudson and Arthur Gordon, administrative assistant, to attend the Pennsylvania Association of Chief School Administrators in Bedford. The board decided to discuss the student banking program with officers of each bank and agreed that if the program is not successful it will be dropped at the end of this year.

The school nurse report listed 255 pupils in the elementary and high school were given the Mantoux Test for tuberculosis with one doubtful result; 249 received first aid for illness or injury during October with 40 injuries occurring in or around the school. Ten pupils were referred to their family physicians.

The cafeteria income was \$8,715.57. Expenses were \$9,268.13. State reimbursement will be \$1,170.13. The cafeteria operated for 21 days in October and served an average of 1,310 lunches daily. Bills were approved for payment in the amount of \$105,066, including \$51,000 in rentals and a payroll of \$40,267.10.

President Dean Asquith presided at the meeting which was attended by seven members.

NEW BOROUGH POLICEMAN HAS RESIGNED

The resignation of John G. Hemler as a policeman here was received by Gettysburg Borough Council at its meeting Monday evening in the engine house, E. Middle St.

Hemler's letter asked that he be released from his position by November 15. Mayor Weaver told council: "We will have to hold him to at least November 14." Hemler expressed his pleasure at working as a policeman in the borough since his appointment this summer. He did not state in his letter his plans for the future. Mayor Weaver said this morning he has no definite knowledge but believes Hemler may have accepted a police post at McSherrytown.

Council decided to advertise for bids for repair to the bell tower atop the engine house. Councilman Mahlon P. Hartzell reported he had a local contractor, Allen McDonnell, inspect the tower and his report showed that the tower needs a number of exterior repairs and painting.

BUILDING OFFERED

Councilman John Welshonec told council that the Aero Oil Co. has offered the Hetrick garage building at the corner of York and N. Stratton Sts. for consideration as a site for the borough building and fire hall. Welshonec said he and Councilman Hull had made a preliminary inspection and found the building "very sound and with apparently lots of room." He said that his committee during the coming month will compare the Aero Oil structure with the plans for renovation of the present firehouse to "see what kind of a comparison we might have, and then will report on our findings to council."

SHADE TREE COMMITTEE

Council President Philip M. Jones appointed Councilmen George W. Naugle, Mahlon P. Hartzell and Robert McCoy as the council's shade tree committee. A resolution was passed providing

GOLDWATER AT HILLTOP HOME AWAITS VOTE

PHOENIX, Ariz. (AP) — Far from the crowd and the tumult that have been his daily fare, Sen. Barry Goldwater awaited in the guarded privacy of his hilltop home today the nation's judgment on his bid for the White House.

The Arizona and his wife planned one daytime outing in public to cast their own ballots at a school near their sprawling home.

STEEL TRUCK RUNS WILD

MONTOUR FALLS, N.Y. (AP) — A heavily loaded truck raced out of control down a hill today and crashed into a gasoline station at the base.

It was the tenth time in three years and the third in a week that a large truck crashed after making a fast descent on Odesa Hill, leading into this Schuylers County village.

The truck driver, Gerald M. Dotterer, 26, of Lenhartville, Pa., apparently escaped injury. He collapsed at the scene about an hour later, however, and was treated at Schuylers Hospital for shock.

Dotterer was hauling 40,000 pounds of steel from Fairless, Pa., to Rochester. He was arrested by state police on charges of failing to have adequate brakes on the vehicle and passing a stop sign.

The accident occurred about an hour after a state police detail had completed a check of trucks using the three-mile-long hill.

BURCH ASKS TV NETWORKS TO HOLD GUESSES

NEW YORK (AP) — Republican National Chairman Dean Burch has appealed to the three major television networks to forego any "projections" of early voting trends today until the polls have closed on the West Coast.

In telegrams to the network presidents, Burch asked that the networks avoid "early and unwarranted interpretations" of early election returns.

"In 1960," he said, "the TV industry performed a distinct disservice with the inaccurate interpretation of the early results," to make it appear that the late John F. Kennedy was winning over Richard M. Nixon in a landslide.

GETS REASSURANCE
Frank Stanton, president of the Columbia Broadcasting System, wired Burch that CBS News had no intention of making early and unwarranted interpretations of returns.

Stanton also said: "CBS News does, however, regard prompt and accurate reporting of the returns as a primary responsibility and will use all of its resources, technical and human, to carry out that responsibility."

Spokesmen for the National Broadcasting Co. and the American Broadcasting Co. said no reply to Burch would be made publicly.

RECORD VOTE EXPECTED IN BIG ELECTION

By ARTHUR EDSON

WASHINGTON (AP) — An expected record 71 million voters decide today whether Lyndon B. Johnson or Barry Goldwater should guide the nation through the next four years.

Mild and fair weather, with few exceptions, made it almost certain that the 68.8 million vote total of 1960 would be far surpassed.

The nation's first returns came from the tiny mountain community of Dixville, N.H. Its eight voters, all registered Republicans, finished balloting at 12:01 a.m. EST. The tally: Goldwater 8, Johnson 0.

OTHER CANDIDATES

While they're picking a president, American voters will also be electing 25 governors, 35 senators, 435 House members and a host of state and local officials.

Right down to the wire, almost every opinion poll and political sign pointed to President Johnson in a walkaway, possibly by the largest popular-vote margin in modern presidential history.

But Sen. Goldwater is used to being behind — he had a long uphill battle to win the Republican nomination — and he is still hoping for a political miracle.

Mark Golden Wedding Day

The Pines Parish Hall, New Chester, was the setting Sunday afternoon for the 50th wedding anniversary observance of Mr. and Mrs. Benjamin Hoffman, York Springs R. 2, given by their children, Earl Hoffman and Dale Hoffman, and their five grandchildren and four great-grandchildren. The Rev. Dr. Paul L. Reaser and the Rev. Dr. M. R. Hamshere spoke and Mrs. Paul L. Reaser sang, accompanied by Harold Ecker.

The couple received many gifts from the 225 friends, relatives and church members present. Refreshments were served.

Mrs. Hoffman is the former Miss Edna M. Phillips, daughter of the late Mr. and Mrs. Franklin Phillips. Mr. Hoffman is the son of the late Mr. and Mrs. Benjamin Hoffman. They were married October 31, 1914.

CREATES FOUR SETTINGS FOR YULE GUESTS

Tracing the history of dining to Biblical times with the invitation to "come break bread with us," a Chambersburg flower show judge and a past director of District Four Garden Federation created four table settings for holiday entertaining Monday afternoon at an open meeting of the Biglerville Garden Club in St. Paul's Lutheran Church, Biglerville. Approximately 50 members and guests were present.

Mrs. W. E. B. Hall, a graduate of Rochester University and a past president of the Chambersburg Garden Club, used the traditional pumpkin colors in one of two Thanksgiving arrangements, with a brass container of yellow chrysanthemums, earthenware dishes and informal amber goblets on a beige cloth. Her second arrangement, also on a beige background, featured gold fruit in a gold container, brass candlesticks with green candles and green velvet ribbons. She used cream colored china with wheat pattern.

For Christmas two table settings were shown. One featured a fruit wreath and arbutus greens on a silver cake plate, silver candlesticks and green candles, with small fruit and greens on the candleholders. The china was cream with a crystal goblet on a light green cloth. The other table setting used red carnations for the centerpiece, ruby colored glassware and inverted goblets holding small ruby candles. The tablecloth was a Christmas design of white with red and green.

Mrs. Earl E. Carey introduced Mrs. Hall.

At the business meeting preceding the program, Mrs. J. Henry Donahar, president, appointed the following committees: Nominating committee, Mrs. Cyrus Bucher, Mrs. Sterling Roth, Mrs. Norman Wilson; program committee for 1965, Mrs. Earl Carey, Mrs. A. E. Orner, Mrs. J. P. Hollabaugh, Mrs. Ronald VanBlargan.

HAS DISPLAY

Mrs. Donald Tyson presented a horticulture display using greens that are used at Christmas.

Two door prizes of flower arrangements were awarded to Mrs. Mildred Tipton, Gettysburg, and Mrs. Herbert Jordan, Hanover. Refreshments were served by the hostesses, Mrs. Donald Shetter, Mrs. Wilmer Diehl, Mrs. Robert Gillelan, Mrs. Donald Tyson. Mrs. Tyson poured at the tea table which featured a bronze and yellow chrysanthemum centerpiece.

600 ABSENTEE

(Continued From Page 1)

Gusta, Ga. A total of 596 of the 605 absentee ballots had been received by the commissioners until noon today.

Michael Small, son of Mr. and Mrs. Stover Small, will not be casting his ballot because of circumstances beyond control. According to Nichols, the serviceman, who has been stationed in Alaska with the armed services, applied for an absentee ballot several weeks ago.

However, by the time the application reached Alaska, Small was enroute to his home in Gettysburg on furlough and the unclaimed ballot was returned to the commissioners. Small will arrive here Wednesday, too late to cast his ballot in this year's election.

The commissioners will remain on duty through the final vote count sometime tonight or early morning.

He paid the costs and was placed on probation for two years.

PUPILS DRANK MILK VALUED AT \$11,338.66

Adams County public school children saved their mothers and dads \$11,338.66 last school year by buying and drinking their milk at school. This cash savings was achieved through the special school milk program under which milk dealers provided schools with milk at prices below those charged out-of-school consumers.

Under the special school milk program, milk dealers reduce the price of a half pint of milk to schools about one and a half cents, or about seven cents per half pint. A federal subsidy averaging 6335 cents brings the net cost of a half pint of milk to participating schools to about four cents. Schools generally add about one cent for handling, refrigeration and vending machine expenses making the final price for a half pint of white milk to a school child about five cents.

If purchased out of school a half pint would cost about ten cents. One third quart containers are also sold for about five cents giving the school child an even bigger saving on his school milk purchase.

33 MILLION BOTTLES

According to a representative of the School Milk and Lunch Program, Pennsylvania Department of Public Instruction, Adams County school children drank over 33,000,000 containers of milk in either the half-pint or third-quart size under the special school milk program in the 1963-64 school year.

There were 23 buildings on the special milk contracts in Adams County last school year. Many of these school children also receive milk as part of the school lunch program.

"Milk is served with all school lunches under this program," the department representative said, "and Adams County had 23 buildings participating in this program last school year, a gain of one over the 1962-63 school year. Schools received a federal reimbursement of 6452 per meal in the 1963-64 school year or a total of \$56,676.19 paid to county schools under the school lunch program. The total reimbursement gained by county schools for both the school milk and school lunch program was \$70,014.85."

SET THEM FOR SCOUT MEET

"Girl Scouting, A Promise in Action" is the theme of a program of the Penn Laurel Girl Scout Council to be held April 23-25 in the Memorial Building of the York Interstate Fairgrounds.

The program is designed to invite Scouts and adults of the council to share achievements and the feeling of belonging to Girl Scouting, show the impact of the redesigned program and improve community understanding. It will include exhibits and live demonstrations from each of the 39 neighborhoods and has been prepared by 20,000 Girl Scouts in the Penn Laurel Council for a year.

The neighborhoods will hold a rally in February to select troop representatives for the event. Selections will be based on the council's "Quest for Quality" program in troops.

The four neighborhood coordinators for Apple Valley District of the Penn Laurel Council are: Mrs. Philip W. Bange, Hanover, Pigeon Hills; Mrs. Donald Withers, Hanover, McCo-Ha; Mrs. Charles S. Taylor, Fairfield, Juliette Low, and Mrs. Fred Kropp, Gettysburg, Gettys-Trefoil.

Mrs. Robert Hocke, York, is general chairman; Mrs. Jay Zarfos, Dallastown, program services committee member; Mrs. Raymond Sheffy, Lebanon, Scouts' Own; Mrs. John Bradley Jr., Lancaster, invitations and hostessing; Mrs. Eugene Johnston, Mountville, demonstrations; Mrs. James Brown, Lancaster, flag ceremony; Mrs. David Howard, York, caterer; Mrs. Weiden Pyle, Dillsburg, first aid; Mrs. Vernard Group, Gardners, publicity and printed programs, and Mrs. Grant Hengst, Greencastle, exhibits and movies.

ing for a 2,500-lumen street light at the intersection of Long Lane and Fairview Ave.

Approval was given for ordaining of the former Reading Railroad St. from S. Washington St. to Constitution Ave. as an extension of Constitution Ave., and for the placing of a surface on the road taken over from the railroad. Councilman McCoy said the railroad base "is as good as new." He estimated cost of the surfacing at "about \$1,500."

Council authorized purchase for \$335 of a machine to be used in sign making.

REPORTS ON INSPECTION

Mayor William G. Weaver reported that after his suggestion to council last month that a committee be formed to study the water and sewer system of the town he had been given a tour of the plants by officials of the Gettysburg Municipal Authority. He said he found "they have done a good job so far and the water system and the sewer are meeting today's needs." He said the

authority officials held that somewhere a borough storm sewer is entering the Municipal Authority system and flooding it during rainstorms. He concluded: "I still think council should appoint a committee to study the future needs of the town for water and sewer."

Mayor Weaver reported that the National Park Service has placed stone in Coster Ave., "and has done a very good job," but will be unable to place the blacktop on the avenue until next summer.

Salaries: Aside from those em-
ployed in the various borough
high schools there are only eight
Adams County teachers who re-
ceive more than the minimum
salary allowed by law. This fact
is disclosed by the current issue
of the School Bulletin issued by
County Superintendent Roth. Of
the 220 teachers in the county,
110 receive \$50 a month and
85 are paid \$40 a month. The
School Code provides that no
less than \$40 may be paid to
any regular teacher, while those
who have taught two years and
have any certificate higher than
provisional may demand \$50.
This also applies to normal
school graduates. As would na-
turally be expected, Gettysburg
pays the highest salaries. W. A.
Burgoon, supervising principal
of the local schools received
\$166.66 a month while other
members of the high school fac-
ulty receive \$85, \$90, \$75 and
less a month. Only one teacher
outside of Gettysburg gets \$100
and that is Prof. Roy D. Knoese,
principal of the Littlestown
school.

Operation a Success:

The many friends of Miss Annie Dan-
ner, Center Square, will be de-
lighted to hear that the recent
operation which she underwent
at St. Luke's Hospital, Balti-

be an entire success. Miss
Danner is now at the home of
Rev. and Mrs. Charles E. Reine-

Eddie Plank Gets Release:

The news of the release by the
Athletics of Eddie Plank, Gettys-
burg's baseball pride, came as a
great surprise to his score of
friends here Saturday evening
who could scarcely believe that
Connie Mack would let go the
man who has worked for him
since 1901, winning many pen-
nants and always dependable
when others failed. With Plank,
go Bender and Combs, two oth-
er men who served Mack well.
Eddie said, "I should have
thought Connie would have let
me something about it, particu-
larly since I told him a few days
ago that I had received a strong
offer from the Federal League.
I was man enough to do that and
Connie might at least have done
the same towards me. I don't
have to worry for I have got
mine stowed away in farms and
the bank and I don't have to
play ball any more unless I want
to. Even now I am not sure that
I shall play ball with the Federa-
ls, but if I do, you can bet that
I shall get a fat salary and I
shall give them the best I have
in return."

Russel Nunemaker has re-
turned from the Harrisburg
Hospital where he recently un-
derwent a successful operation
for appendicitis.

Will Organize Red Cross Here:

For the purpose of sending

All over the country these
branches are being organized.
Mrs. E. H. True is in commu-

Today's Talk**THESE ERRORS OF OURS**

That which makes such a
tragic affair out of an error,
blunder, mistake or failure is
that none can ever serve as con-
structive, excepting as a les-
son, whereas every constructive
good thought or act builds on
itself like the tiny coral bodies
that finally end up in islands
and great bodies of land, like
Florida, for example.

Benjamin Franklin once wrote
to a friend: "I believe I shall in
some shape or other always ex-
ist; and, with all the inconven-
iences human life is liable to,
I shall not object to a new edi-
tion of mine; hoping, however,
that the errata of the last may
be corrected."

Errors are common to us all.
None of us has a record with-
out them. Their only useful of-
fice, however, is to warn us,
like that famous sign at railroad
crossings — "Stop, Look,
Listen." But having made
amends, so far as is possible,
these errors should be dismissed
from our memory. There is
enough to carry on these frail
human shoulders without fur-
ther burdening them with a lot of
dead errors.

There are two words that
sound mighty effective, and they
can be made to do a big service,
wherever an error has been
made. Here they are — forget
it! Nothing can ever be gained
by carrying around things in
this world that need to be built
— and the laborers are far too
few.

It is by the harboring of
errors that wars result. Hate
stays. Hate broods — and hate
hatches! We travel far with the
equipment of hope within our
hearts. Then it is that the soul
travels with light step, as well.
And undiscovered realms and
worlds loom ahead, giving cou-
rage and anticipation.

These errors of ours are like
dark clouds that float before
us, but Nature is so arranged
that the sun behind the clouds
finally burns them all away,
and nothing but the golden light
remains — that light which is
the source of all life, all growth,
and of all speculation as to
eternity itself. As Celia Thaxter
once wrote: "The sunlight has
never failed us yet!"

IN BOLIVIA**

LA PAZ, Bolivia (AP)—A re-
giment staged an uprising in La
Paz today but the government
announced shortly thereafter
that the regimental command-
ers surrendered and the revolt
is over.

The uprising was in the Ingavi
regiment of Lapaz, the broad-
cast said. There were uncon-
firmed reports the high com-
mand of the armed forces was
involved.

A series of student and miner
uprisings against the govern-
ment of President Victor Paz
Estenssoro has torn the country
for the past two weeks.

Last week tin miners rose in
revolt and proclaimed Oruro,
the tin mining center 143 miles
south of La Paz, as their head-
quarters.

SEIZE URUO

The army, the president's
militia and police seized Oruro
as the antigovernment clashes
spread northward to La Paz it-
self. In all the clashes 17 per-
sons were reported killed 200
wounded and hundreds arrest-
ed.

The tin miners are led by
leftists and the government
beamed their uprising on Com-
munist agitators. Paz Estens-
soro broke relations with Com-
munist Czechoslovakia last
Thursday at the height of fight-
ing between students and mili-
tary forces at La Paz Univer-
sity.

The Czechoslovak legation
was accused of furnishing mon-
ey and arms both to students
and miners.

Hughes, Davies, Alberts Picked As Co-captains

Eddie Hughes, "Bo" Davies and "Butch" Alberts were elected Monday as honorary co-captains of the Gettysburg Junior High School football squad for the past season.

The trio performed in the backfield and gave outstanding performances in leading the Braves to a highly successful season in which they won five and lost one in the South Penn Junior High League.

If Scotland should defeat Carlisle in the league final on Thursday at Carlisle, Gettysburg, now in second place, would become the league champion.

BRAVES SAY COUNTY BROKE AGREEMENT

MILWAUKEE (AP) — The Braves, checked by a temporary restraining order in attempts to move to Atlanta, have claimed in a court reply that Milwaukee County broke an agreement that requires the National League baseball team to play its 1965 home games in County Stadium.

The Braves said an "unwelcome, antibaseball atmosphere was developed (in Milwaukee) as a result of reckless, irresponsible statements by county leaders and others."

The Braves' arguments were contained in an answer filed Monday in U.S. District Court in Milwaukee, and made public at the Braves' offices in Chicago.

HALF MILLION LOSS

In related developments: John McHale, the Braves' president and general manager, said the club's 1964 tax return will show a loss estimated at half a million dollars.

Rep. Henry Reuss, D-Wis., asked Baseball Commissioner Ford Frick to "take the leadership" in presenting to a special meeting of major league owners this week a three-point plan for expansion of baseball by next season, for a player draft and for pooling television revenue.

And Milwaukee County Board Chairman Eugene Grobbschmidt discussed possible antitrust developments in a letter with Rep. Emanuel Celler, D-N.Y., chairman of a House judiciary subcommittee.

"IMPLIED COVENANT"

The Braves said in their court reply that while the rental contract for County Stadium runs through Dec. 31, 1965, there was "an implied covenant that the County of Milwaukee would not interfere with, obstruct or frustrate the Braves' enjoyment of the lease."

They argue that Grobbschmidt, in malicious disregard of such covenant, broadcast public statements implying that persons of responsibility in the Braves' management were deliberately trying to have the Braves not win games.

The club also said that McHale had moved his family from their suburban home after "flagrant, open and notorious public hostility to this defendant engendered by this (county's) attitude."

The Braves said that by "these various breaches, the County of Milwaukee deprived the Braves of its lawful rights and relieved it from any further performance under the lease."

Grobbschmidt and other county officials declined comment.

The National League has put off until the court actions are completed any decision on the Braves' plans to move to Atlanta.

IRISH SWEEP TO TOP SPOT IN GRID POLL

By MURRAY CHASS

Associated Press Sports Writer

Notre Dame, assured of its first winning season since 1958, stormed to the top of The Associated Press major college football poll today, gaining a narrow margin over Ohio State, leader for the previous two weeks.

The revitalized Irish, unbeaten in six games, drew 29 of 48 first-place votes and 460 points in the weekly poll of sportswriters and sportscasters.

The Buckeyes, also 6-0, received 11 votes for the top spot and 424 points over-all.

Notre Dame moved to the front with a surprisingly easy 40-0 triumph over Navy last Saturday. At the same time, Ohio State had trouble outlasting Iowa 21-19.

FOUR GAMES TO GO

The next four teams in last week's rankings held their positions—Alabama third, Arkansas fourth, Nebraska fifth and Texas sixth. Oregon, No. 7 last week, dropped from the Top Ten as a result of its 10-8 loss to Stanford.

Georgia Tech climbed from eighth to seventh, Louisiana State ninth to eighth and Florida 10th to ninth. Purdue took over the No. 10 spot.

The Irish have four games to go in their bid for their first unbeaten season since 1953 and their first unbeaten, untied year since 1949 when they last won the national championship.

HUARTE AND SNOW

Coming dramatically to life under Coach Ara Parseghian after an extended period of mediocrity, Notre Dame has won six games for the first time since 1958 when its final record was 6-4. The Irish will try and make Pitt their seventh victim this Saturday at Pittsburgh. Michigan State, Iowa and Southern California follow on the schedule.

The Irish have moved to the head of the nation's major college teams behind the record-breaking passing combination of quarterback John Huarte and end Jack Snow, neither of whom did anything outstanding last season.

"The ability was there, of course," said Parseghian, "but they never were able to distinguish themselves."

Top Ten teams with first-place votes in parentheses and points on a 10-9-8 basis:

1. Notre Dame (29) 460

2. Ohio State (11) 424

3. Alabama (7) 385

4. Arkansas (1) 310

5. Nebraska 259

6. Texas 175

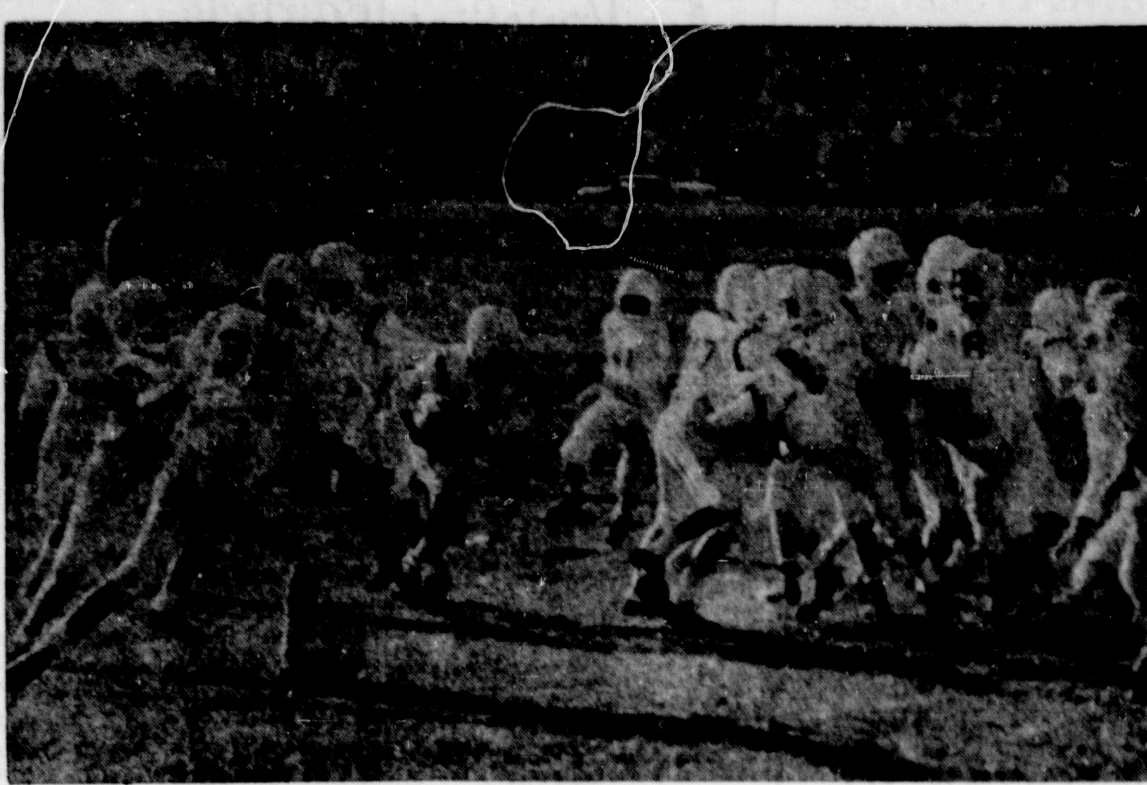

7. Georgia Tech 174

8. La. State 116

9. Florida 90

10. Purdue 85

Captain Jim Carroll, senior guard-linebacker from Atlanta, Ga., and Tom Kostelnik, senior center-linebacker from Hiller, Pa., each made eight tackles for Notre Dame as the Irish beat Wisconsin in their football opener this fall.

Mark Bergdale is shown carrying for an extra point in the third period after taking a handoff from Ted Maitland as the Gettysburg Middlets capped an unbeaten season here Sunday afternoon in facing Frederick 34-12. Touchdowns were scored as follows in the final game: Cline, Stanton 2, Ayre and Maitland with extra points added by Stanton, Cline, Strickland and Bergdale.

The Middlets, coached by Bob Davies, Bob Selby and "Skip" Fiscal, was probably the best all-around squad developed here with good strength at all positions and no outstanding star. The coaches today expressed their appreciation to the Junior Chamber of Commerce for financial support, to Bill Ayre for transportation and Ray Thompson for facilities. Squad members and their parents will be entertained at a party at the home of Mr. and Mrs. Dan Greenawalt, Lincolnway East, Sunday afternoon at 2 o'clock. The Greenawalts' son, Danny Greenawalt, is a member of the squad.

YOUTH PLAYS FOOTBALL WITH "STORE" LEGS

By KEN CONWAY

BARRACKVILLE, W. Va. (AP) — Jack Rice is an average teen-ager except for one thing — he plays football with artificial legs.

Jack, 16, lost his legs just below the knees seven years ago when he was run over by a Gulf, Mobile & Ohio Railroad freight train near Nilwood, Ill. Despite that, he has been a regular on the Barrackville High School football team for three seasons.

A Circuit Court jury in Chicago awarded Jack \$115,000 Monday in a personal-injury suit against the railroad.

Jack moved with his family to this northern West Virginia coal-mining community three years ago. He is the son of Mr. and Mrs. George Rice, who also have five daughters.

PLASTIC SLEEVES

After the accident, doctors fitted Jack with a plastic sleeve just below each knee, over the remaining part of the lower leg, and joined it with an artificial rubber foot.

Each limb has only one joint, at the arch of the foot. The artificial limbs are lined with rubber socks. Regular size eight shoes fit over the artificial feet.

"They don't bother me a bit," Jack says, "I'm just not quite as fast as some of the other guys."

Jack said when he first tried out for the team, "I heard people say a few times that I couldn't play."

"But I didn't pay any attention — I didn't care what they said."

"All my life I've wanted to play football."

Jack started as a defensive guard but now is a linebacker.

Coach Nathan Crezenzi says Jack is a "hard-nosed, smart player, extremely popular with his teammates."

An A and B student, he hopes to attend college next year and take a premedical course.

LISTON WILL CHANGE PLANS

PLYMOUTH, Mass. (AP) — Sonny Liston's going to play the waiting game in his bid to regain the world heavyweight boxing crown from Cassius Clay Nov. 16.

"I'm going to bide my time," Liston said at his training camp Monday, admitting he tried too hard for an early knockout in the first meeting. "Clay ran the last time. Now I'm just going to let him tire himself out running."

"When the right time comes I'll take him out."

Back in Boston, Clay unleashed a tirade at Bob Nilon, a Liston associate, during the former's workout. Clay yelled to the crowd there was a spy in the crowd, then belittled at Nilon: "You go back and tell the Big Bear I'm ready for him. . . ."

"I've got some good advice for you. Tell him not to get too close to me. Make him keep his distance. If he gets too close I might finish things up in two rounds."

"And I don't want that to happen. I want this fight to go a few rounds so the public can get its money's worth."

"How can this guy Liston compare with me? I'm the prettiest fighter, the best talker, the smarter man."

When the Clay monologue was concluded one of his followers approached Nilon and said: "It's been nice listening to you."

Dallas Cowboy defensive back Mel Renfro is one of the fastest developing rookies in the National Football League, says Coach Tom Landry. Renfro also is a kickoff return specialist.

Ask Inspection Of Fingernails

BOSTON (AP) — An eye injury to Oscar Robertson has brought a plea from Tommy Heinsohn, National Basketball Association player representative chief, for fingernail inspection.

"Robertson received 12 stitches after being cut on the eye," Heinsohn of the Boston Celtics said Monday. "Probably he was clawed by somebody's fingernails."

"There's a rule that covers the use of dangerous equipment and long fingernails are in that category."

PENN STATE HOPES TO BEAT OSU SATURDAY

COLUMBUS, Ohio (AP) — Ohio State's Buckeyes, bounced from the top of the gridiron heap and with more than a dozen players nursing injuries, face a team Saturday they've never beaten.

The Nittany Lions of Penn State, who have won three of their last four games after losing their first three of the season, invade Ohio Stadium hoping to be the ones to hand the Bucks their first defeat.

Ohio State was overtaken in the Associated Press's national college football poll by resurgent Notre Dame and slipped to the No. 2 spot after being first in the nation for two weeks.

"LUCK OF DRAW"

Buckeye Coach Woody Hayes spoke of injuries at his weekly press luncheon Monday, saying: "It's just the luck of the draw. We've been fairly free of injuries all year, and the law of averages is catching up."

A punctured lung has Co-Captain Tom Kieffhuss, rugged defensive end from Cincinnati, definitely out of Saturday's game.

Two others who suffered bumps and bruises in Ohio State's 21-19 squeaker over Iowa last week, tackle Doug Van Horn and guard Tom Bugle, are uncertain starters, and at least 12 others have wounds of one type or another.

Penn State, coached by Rip Engle, has victories over Army, West Virginia and Maryland and has fallen before Navy, UCLA, Oregon and Syracuse. The Lions have to win the next three for a winning season.

"BIG AND FAST"

The Bucks have played Penn State three times, losing 37-0 in 1912, 7-6 in 1956 and 10-7 a year ago.

Ohio State Assistant Coach Max Urick scouted the Lions in their victories over West Virginia and Maryland and says they are big and fast, are grounded well in fundamentals and mount a sound attack.

"They're always sky high against Big Ten teams," he told the luncheon, "and you can bet they'll be ready for us."

Atlanta Spartans To Finish Season

ATLANTA (AP) — The president of the Atlanta Spartans professional football team says his franchise is only technically suspended and the team will play out the rest of the season.

The Atlantic Coast Football League said Monday night it would revoke the Spartan franchise if financial obligations are not met by Wednesday.

ACFL Commissioner Joe Rosentover denied in a telephone interview with the Atlanta Constitution from Clifton, N. J., that the franchise already has been revoked.

Charles W. Leachman, Spartans president, said "one way or another, the Spartans will play out the year."

Frazier Says Clay Will Beat Liston

PHILADELPHIA (AP) — Joe Frazier, 1964 Olympic heavyweight boxing champion, picked world heavyweight champ Cassius Clay to defeat Sonny Liston in their return bout this month in Boston.

"Clay is in better physical shape," Frazier told the Touchdown Club's weekly luncheon Monday. "You know, it's tough to beat a guy who came up from the Golden Gloves and went on to win in the Olympics."

25 GOVERNORS TO BE CHOSEN ACROSS NATION

By KARL R. BAUMAN
WASHINGTON (AP) — Twenty-five governors will be elected today, with the races in Illinois, Michigan and Arkansas getting most of the national attention.

In Illinois, Republican Charles H. Percy, 45, is trying to turn back the second-term bid of Democratic Gov. Otto Kerner, 56.

Percy, a protégé of former president Dwight D. Eisenhower, has endorsed and supported GOP presidential candidate Barry Goldwater but has pointed to differences he has with the Arizona.

ROMNEY RUNNING

National interest in Arkansas stems from the fact that a Republican, Winthrop Rockefeller, 52, is given an outside chance to turn aside the bid of Democratic Gov. Orval Faubus, 54, for a sixth two-year term.

Faubus, who won his first term in 1954, has been governor almost as long as Rockefeller, brother of New York's Gov. Nelson A. Rockefeller, has lived in the state.

In Michigan, Gov. George Romney, 56, one of the new faces who scored Republican victories in 1962, is after a second term in the State House. Romney has not endorsed Goldwater.

18 ARE DEMOCRATS

Neil Staebler, 51, long a prominent figure in Democratic politics in the state, is Romney's opponent. Currently the state's congressman-at-large, Staebler has been trying hard to tie Romney to Goldwater.

Of the 25 governorships at stake today, 18 are held by Democrats, 7 by Republicans.

Including holdovers, the national lineup now is 34 Democrats and 16 Republicans.

In Texas, Gov. John B. Connally, one of President Johnson's closest personal and political associates is seeking a second term, and political observers give him a clear edge.

OPPOSITION FOR CONNALLY

Opposing Connally, 47, who was wounded in Dallas last Nov. 22 when President John F. Kennedy was assassinated, is Republican Jack Crichton, 48, a Dallas oil man.

In Arizona, Richard Kleindienst, 41, a Goldwater field director before the San Francisco convention, seeks to succeed another close friend of Goldwater, Paul Fannin. Fannin is running for Goldwater's Senate

Driver Is Charged In Fatal Accident

ALLENTOWN, Pa. (AP) — Leonard S. Rumfield, 64, of New Tripoli R.D. 2, faces a hearing today after being arrested in connection with a fatal auto accident last Saturday night.

Rumfield was arrested at his home Monday night and charged with involuntary manslaughter, failure to stop at the scene of an accident and failure to identify himself at the scene of an accident. He was released under \$5,000 bail pending the hearing.

Killed in the accident was Lawrence Snyder, 52, a New Tripoli snack bar operator. Police said Snyder was putting air in a tire of his car near his snack bar along Route 143 when he was struck.

Today In Washington

WASHINGTON (AP) — This has been "a good year for political freedom" in the Western Hemisphere in the opinion of President Johnson's top adviser on Latin-American affairs.

Thomas C. Mann, assistant secretary of state, said in a report to the president on Latin-American policy that 1964 has seen "a new unity of purpose in making the Alliance for Progress not just a statement of goals but a reality."

More Alliance for Progress loans were made in the first six months of 1964, he said, than in all of 1963. High growth rates in Venezuela, Mexico, Central America and other countries reflect a new confidence in Latin America, he said, and this is reflected in an increased flow of foreign investment.

"United States investors are investing in Latin America at about twice the rate they did in 1963," he added.

WASHINGTON (AP) —

Congress may be called by President Johnson for a post-election session to act on increased Social Security benefits and medical care for the elderly, says Sen. Stephen M. Young, D-Ohio.

There's a "good possibility," Young said in a newsletter to Ohio constituents, that Johnson will call the session for Nov. 16 and that the President will appear before a joint session to urge immediate passage of the legislation.

WASHINGTON (AP) — President Johnson has expressed "deep satisfaction with the effective and expanding federal effort against crime."

His comment came following a Justice Department report that convictions for racketeering-type crimes have in-

A Lovelier You

By MARY SUE MILLER

THE WELL-TURNED ANKLE

Always a feminine asset, trim ankles are now without which-not. What makes this so is the fashion for eye-catching

stockings, from the thick-textured to the lacy.

Heavy ankles just can't get by the stocking-caught eye. And that makes slimming more than ever desirable. Easy, effective routines follow:

1. Without shoes, stand with ankles touching and your weight on the balls of the feet. Repeatedly rise onto the toes and lower the heels to the floor. Go up slowly and come down quickly. Twenty counts.

2. Stretch out, back down on floor. Quickly swing the right leg straight up and point the toes toward the ceiling. Now pretend that you juggle a big beach ball with your big toe. First circle it by rotating the ankles in a clockwise direction; then anticlockwise. Next bounce the ball forward and backward by flexing the ankle.

Throughout be sure to keep the leg in position, the knee straight and the hips on the floor. Continue for one minute and repeat with left leg. Work for increased speed and agility.

At this point, you may wonder why the instruction does not call for the use of an actual beach ball. Well, you'd spend so much time retrieving it, you wouldn't get a proper workout.

As given, regular performance of this routine does more than slim the ankles. It also helps to smooth the contour of your entire legline and to increase the willowiness of your walk.

The report said that convictions of racketeering figures increased from 45 in 1960 to 288 in 1963 and to 466 this year.

Entire Precinct Votes For Barry

DIXVILLE NOTCH, N.H. (AP) — The first persons to vote in the nation today picked Republican Barry Goldwater as their choice for president — all eight of them.

In 1960, this hamlet, all of those voters are registered Republicans, gave nine votes to Richard M. Nixon.

This year, the area's voters met in a hotel at midnight to cast their ballots.

Also receiving all eight votes was John Pillsbury, Republican opponent of Democratic Gov. John King.

Dixville Notch, one of 25 unincorporated communities in New Hampshire, is in a White Mountain pass near the Canadian border. Only four families live here.

44 CUBANS ASK HOME IN U. S.

OTTAWA (AP) — Forty-four Cubans are seeking admission to the United States after walking off a Cubana airliner at Gander, Nfld.

Arrangements are being made to fly the defectors to Canadian immigration detention quarters at Halifax, where they will wait until the United States admits them.

The Immigration Service said the Cubans defected after their plane, bound for Czechoslovakia, made an overnight stop at Gander Sunday.

Two Cubans asked for political asylum in the United States Sunday and the other 42 announced their decision Monday. Their plane left for Prague with 36 other passengers aboard.

Among the defectors were Mr. and Mrs. Miguel J. Rosa Galvez, who left the plane with their 2-year-old grandson, Julian de la Rosa. The child's parents, Mr. and Mrs. Jose de la Rosa, defected in September from a Czech airliner at Gander and are still in immigration custody at Halifax.

More than 200 Cubans have defected via Gander, where airliners flying between Havana and Eastern Europe customarily stop. The Canadian government grants the defectors temporary asylum in Canada while they make arrangements to join the thousands of Cuban refugees in the United States.

Queen Says Laborites Will Renationalize Steel And Curb Capital Punishment

By TOM OCHILTREE

LONDON (AP) — Queen Elizabeth II told Parliament today that Prime Minister Harold Wilson's new Labor government will renationalize Britain's steel industry, restore rent controls and open the way for the abolition of capital punishment.

The queen formally opened the Parliament elected Oct. 15 with the first speech from the throne written for her by Wilson and his Cabinet. The speech outlined the government's legislative program.

PLEDGES NATO SUPPORT

In international affairs the queen promised the government's support of the United Nations and the North Atlantic alliance and other collective defense organizations to which Britain belongs. She said the government would attempt to reduce East-West tensions and "to encourage further progress toward disarmament."

The queen delivered her speech from the throne in the House of Lords after driving through London in a coach accompanied by a glittering cavalry escort.

Members of the House of Commons, summoned with great ceremony, stood around the edges of the chamber as the queen spoke.

CONTROVERSIAL ISSUE

In a key passage she said: "My government will initiate early action to re-establish the necessary public ownership of the iron and steel industry."

This policy is expected to touch off a major parliamentary battle.

Wilson's government has only a five-vote majority in Commons. Sir Alec Douglas-Home's Conservatives and the small Liberal party oppose nationalization of the steel industry.

Clement Attlee's Labor government took the steel industry under state control in 1951 after nationalizing the coal, gas and electric power industries, the railways, the airlines and the Bank of England.

RETURNS TO PRIVATE HANDS

Other nationalization measures of the Attlee regime continue in force, but the steel industry went back into private hands after the Conservative party won the 1951 election.

The queen said the Wilson government will "restore control of rents" and added, "They will establish as rapidly as possible a crown lands commission with wide powers to acquire land for the community."

This measure, Labor ministers have said, is designed to check land speculation and to put land to the best use. A parliamentary fight is expected on that also.

BIGLER HIGH

(Continued from Page 1)

pated upon immediate defeat, the tiny kingdom outwits itself and ironically manages to win the war due chiefly to the bungling of one Tully Bascom, the simple-minded forest ranger and high constable of Grand Fenwick. By gaining possession of the dread new secret weapon of mankind, the Quadrum Bomb, little Grand Fenwick, defended only hours before by the trusty ancestral longbow, thus achieves the power to dictate to other nations, "No war!"

PLAYS FEMALE LEAD

Gloriana the Twelfth, the lovely 22-year-old sovereign of Grand Fenwick is portrayed by Miss Linda Bucher. Count Mountjoy and David Benter, the aristocratic and Man-of-the-people leaders of Grand Fenwick are played by Greg Eisenhart and Roger Heller respectively. Others in the cast are Delmar Crum, John Pitzer, Jerry Scarpace, Don Black, Don Wilkinson, Ann Ernst, Lorena Wilson, Deanna Hollabaugh, Pat Rinehart, Ann Bucher, Carole Wenk, Linda Rex, Linda Naugle, Rosemary Whelan, Debbie Beidler, Allona Winand, Jane Rebert, Beverly Group, Louise Lawver, Diane Byerly, Ada Davis, Janice Lentz, Fred Schuffstall, Dave Cline, Stanley Lupp, Bob Vines, Jim Thomas, Bernard Baker and Lexie Eckenrode.

Tickets may be purchased at the door. The public is invited.

New Ruler Pledges Reform Measures

DAMASCUS, Syria (AP) — King Faisal, proclaimed Monday as ruler of Saudi Arabia, has promised to speed up economic, social and administrative reforms.

In a broadcast over Radio Mecca, Faisal also spoke of closer cooperation with other Arab and nonaligned nations and promised support of universal disarmament and the United Nations charter. He endorsed self-determination for all "colonized peoples."

Faisal, 60, was named king in a move that summarily de-throned his heavy-spending brother, ailing King Saud.

REBELS CLAIM YANK CAPTIVES

LEOPOLDVILLE, the Congo (AP) — An intercepted radio message says Congolese rebels will hold the 60 Americans and about 800 Belgians in the Stanleyville area until the U.S. and Belgian governments halt military aid to Premier Moise Tshombe's Congo government.

The radio message said the Americans and Belgians have been placed under house arrest by the rebels, who have proclaimed Stanleyville capital of their Communist-backed "Congo People's Republic."

The message was sent Oct. 29 over the signature of the Belgian consul in Stanleyville, Baron Patrick Nothomb.

The Americans include missionaries or teachers at Stanleyville's new Protestant University and five members of the staff of the U.S. consulate in Stanleyville.

Council Will

right within 90 days for failure to comply with the regulations.

Warren told council he "has no intention of going into 'the sales and service end'" but said he objected to the no pay-TV, no local origination of programs and 10-year limit proposals. He said he has "no intention of transmitting pay-TV, that is something far in the future, but suppose it does come in and one of my customers would want it. I just don't want to be in the position so that if it does come up I am already restricted. It is possible that pay-TV will be sent by present free TV stations. Anyone can buy an unscrambler and get the picture. If this happens I would be the only one who couldn't unscramble the picture."

DEALER'S PETITION

The petition presented by television set dealers held: "Petitioners feel that the matter of what is involved has not been brought to the attention of the public and that the local reception conditions do not warrant such an installation."

The petition asked "liability coverage to save the city harmless from loss in amounts of \$100,000 per person, \$300,000 per accident and \$100,000 for property damage, plus workman's compensation coverage and performance guarantee. Approval of construction and installation, and assurance that at least two channels should be UHF and prescribing VHF channels, prohibition from engaging in sales, service and repair of television and radio sets."

"Prohibition to pay television or other use of the system for advertising, furnishing of music or other commercial use; maintenance of service standards to avoid interference with general television reception, etc.; regulation of rates to customers, prohibition against transfer without council approval."

HAVE PLANNING OKAY

Among those signing the petition were Weishaar Brothers, Western Auto, Shryock's TV Service, Swartz's TV, N. O. Sixeas, Ken's TV, Baker's Battery Service, Ernest Rebert TV.

Mayor Weaver's series of suggestions were approved, he said, by the Gettysburg Planning Commission at a recent meeting he held with the commission.

Among suggestions were two-way traffic and no parking on the first block of Breckenridge St., improvement on alleys paralleling Breckenridge St., ordination and improvement of alleys north of Broadway, removal of parking on one side on Water and Stevens Sts., making of E. High and S. Stratton Sts., two-way and removal of parking from one side; ordination of the alley "back of Wayside."

The mayor suggested a traffic light be installed at the intersection of W. Middle and West St. He held that light is "the most needed." He suggested that the town consider "possibly installing a traffic light a year."

Others he suggested would be a treadle operated light at E. Broadway and Harrisburg St., and a light at W. High and S. Washington St. He asked that the state be asked to consider a change in the timing of the lights at S. Washington and W. Middle and at S. Washington and Chambersburg Sts. because of the increased traffic on S. Washington St.

He also urged changes in the time allowed on the meters in Lincoln Square to permit more time for shoppers, and suggested that Breckenridge St. be extended to Princess St.

Each councilman is being mailed a copy of the suggestions. President Philip Jones asked the members to write their comments on the copies and return them to Mayor Weaver who then will give the copies to the Safety and Highway Committees, which in turn will make recommendations for council discussion.

Agrees To Increase Air Safety Efforts

WASHINGTON (AP) — The Federal Aviation Agency has signed an agreement for increased cooperation in air safety efforts with the six-nation European Organization for the Safety of Air Navigation — EUROCONTROL.

EUROCONTROL has headquarters at Brussels, and consists of representatives from the United Kingdom, France, West Germany, Belgium, the Netherlands and Luxembourg.

FEWER UNEMPLOYED

HARRISBURG (AP) — The state Labor and Industry Department says total unemployment fell to 197,000 during October.

Secretary William P. Young said Monday that the figure recorded last month was 18,000 less than September's unemployment and represented the lowest October level since 1952.

WASHINGTON (AP) — With a national sigh of relief one of the most unpleasant, uninteresting, and unenlightening presidential campaigns in history ends today. It was less a campaign than a shouting match.

Still, it was unique in this generation. In every election since 1940 the Democratic and Republican candidates represented only different shades of the middle.

Once President Franklin D. Roosevelt's first two administrations had established the principle of the welfare state — government responsibility for the general welfare — neither party's candidates thereafter suggested undoing it.

ATTITUDES OPPOSED

The questions were how to continue, faster or slower. For instance, under President Dwight D. Eisenhower, as under Presidents Harry S. Truman and John F. Kennedy, Social Security benefits were either broadened or increased.

This year both President Johnson and Sen. Barry Goldwater envisioned the America Utopia. "The Great Society," Johnson called it. Goldwater called it "freedom."

But their attitudes on achieving Utopia were complete opposites, not only toward the role of government but the presidency itself.

ONE OF MAIN ISSUES

It was this contrast in Johnson-Goldwater attitudes that became one of the two main points in the campaign for the candidates, skipping over details, left the voters blank on how they'd achieve what they said they would.

Johnson wants more government responsibility for the general welfare, not less. This means bigger government, more programs. Goldwater wants the opposite.

Thus Johnson would enlarge the power and responsibilities of the presidency. Goldwater would diminish them. Thus each staked his chances on the belief, or the hope, that a majority of Americans felt as he did.

It was the first time since the early days of the New Deal that voters were confronted with such a clear choice between truly opposite philosophies of government.

MISSED OPPORTUNITY

If the two candidates had shown enough concern for the intelligence of the voters to spell

out their differences specifically, this would have been one of the most instructive campaigns of the century.

It was the opposite because the candidates chose to make it so. They kept it almost on an "I-see-the-cat" level with their platitudes and clichés.

What made the campaign particularly boring was that this difference in attitudes, even though one of the two main points in the campaign, was not something that unfolded as the campaign progressed. It was clear, plain and thoroughly known before the campaign ever began.

ATTACKS ON RELIABILITY

So all they said added hardly any enlightenment on this score. In most elections the difference in the views of the candidates toward government and the presidency might have been enough for the voters to make a decision.

But in this one, and it was the other main point of the campaign, the voters had to decide which of the two men would have better judgment not only in the obvious but the unpredictable responsibilities of the presidency.

The two men realized this early and spent much of their time deriding each other's reliability while insisting upon their own. This is what turned the campaign into a shouting match.

Between them, the two men bathed in banalities that would have been more appropriate in a Tammany Hall district than a presidential race.

NEW CONGRESS CAN HELP, HURT NEW PRESIDENT

WASHINGTON (AP) — The people do more than elect a president today — they elect a Congress that can make or break his legislative program.

And, while electing a Congress, they put the political spotlight on men who may figure dramatically and powerfully in presidential elections to come.

Robert F. Kennedy, should he defeat incumbent Kenneth B. Keating for a New York Senate seat, might become a force on which all Democrats would have to reckon in future national conventions.

SEE DEMO CONTROL
In the Republican party, Robert Taft Jr. might reach the same heights of influence and power should he defeat incumbent Stephen A. Young for an Ohio Senate seat.

All mathematical odds foreshadow a Democratic-controlled Congress after today's vote. That, of course, would mean legislative trouble for Republican Barry Goldwater if he were elected president — as it would for any president if Congress were controlled by the opposition party.

But a Democratic Congress would not necessarily mean all roses for a triumphant President Johnson. Democratic Congresses, in recent years, have refused to accept more than a part of the program tendered by Democratic presidents.

BOTH PREDICT WINS
Both sides predict modest gains in the election of 35 of the Senate's 100 seats. Barring a

72 U. S. Servicemen Wounded In Attack

SAIGON, South Viet Nam (AP) — U.S. authorities announced today that 72 U.S. servicemen were wounded in the mortar barrage which also killed four Americans and destroyed or damaged 27 aircraft.

A military spokesman said today that 18 of the wounded were hospitalized. The others returned to duty after treatment.

Previous official announcements said that 31 Americans were wounded in the mortar barrage which also killed four Americans and destroyed or damaged 27 aircraft.

A military spokesman said today that 18 of the wounded were hospitalized. The others returned to duty after treatment.

Election at Glance
Here are some key facts on today's general elections:

At stake: The presidency, governorships of 25 states, 35 Senate seats, all 435 House seats.

Turnout: About 71 million expected to vote.

Hours: First polls opened one minute after midnight in some rural New England areas, voting extends to 2 a.m. EST Wednesday in western Alaska.

Weather: Generally fair and mild predicted for most of the nation.

Pre-election polls: Most polls indicate victory for President Johnson.

violence upheaval by the electorate, the Senate should maintain much the same character it had in the last Congress. The breakdown then was 96 Democrats and 34 Republicans.

At adjournment, the lineup of the House was 257 Democrats to 178 Republicans, including five vacancies. With all 435 seats at stake this year, both sides are predicting gains of at least 15 seats.

If the Democrats are right, the gain might be enough to ease much of a Democratic president's legislation through Congress.

But, if the Republicans are right, the Democratic losses might be enough to ensure that a conservative coalition in the House could hold a veto over all legislation.

People In The News

NORTH ATTLEBORO, Mass. (AP) — Rep. Joseph W. Martin Jr. expects to celebrate two events today — his 80th birthday and election to his 21st consecutive term in the U.S. House of Representatives.

Martin, once speaker of the House and five times the chairman of Republican national conventions, was confident of retaining his seat. He's beaten his Democratic opponent, Edward F. Doolan, in seven other elections.

SEATTLE, Wash. (AP) — British humorist Malcolm Muggeridge says elections in the United States and Britain have evolved into personality contests between identical candidates.

Muggeridge, former editor of Punch, told a news conference Monday there is a lack of issues because of mass communications.

SEOUL, South Korea (AP) — President Chung Hee Park said today South Korea will "accept nothing but the United Nations-proposed formula" for unification with Communist-governed North Korea.

A U.N. resolution calls for free elections in both parts of the country.

Unification has become a hot political issue in connection with recent world events, including Red China's detonation of a nuclear device.

North Korea's Communists have demanded an immediate meeting with South Korean officials to discuss the means for reunifying the country.

FOR WHOM DID YOU VOTE ?
Today millions of Americans are making their way to the polls to vote for either Lyndon Johnson or Barry Goldwater. These two men have been competing in a race to win the votes of the public. The judgment is being made today by America. Tomorrow the accounts will be in and the winner will be announced.

The race for the presidency of our great country is a very important endeavor, but there is a much greater struggle being waged in the life of every human being, Christ and Satan are vying against each other for your vote. You cannot be indifferent concerning the outcome of this battle because your eternal destiny is at stake. If you vote for the devil, you will spend eternity with him; if you choose Christ, you will dwell forever with Him.

If you simply neglect deciding for Christ, you are already condemned because the Bible says, "He that believeth on Him is not condemned; but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God" (John 3:18). Choose Christ today for He is truly the "KING OF KINGS, AND LORD OF LORDS" (Rev. 19:16).

Attend the Gettysburg Bible Church, Harrisburg Rd., a growing church, the sponsor of this message. Sunday school is at 9:45 a.m.; worship at 11:00 a.m. and 7:30 p.m. Prayer and Bible study Wednesday at 7:30 p.m.

BITTER DRIVE FOR VOTES IN PENNA. CLOSES

By THE ASSOCIATED PRESS
PHILADELPHIA (AP) — The choice today rested with the voters as Pennsylvanians wrapped up a bitter, name-calling election campaign at 9,286 polling places.

Pollsters and political observers were virtually unanimous in predicting easy victory for President Lyndon B. Johnson over Republican Barry Goldwater.

There were some who predicted a Johnson landslide by up to a million votes that would sweep in most of the Democratic statewide candidates, if not all of them.

Only U.S. Sen. Hugh Scott, Republican incumbent seeking a second six-year term, was given a better-than-even chance to bridge the Democratic tide.

Pennsylvanians are notorious for ticket-splitting and Scott won his 1958 Senate race while Democrat David L. Lawrence captured the governorship.

ROUGH SENATE BATTLE
The 63-year-old Scott, a Philadelphia lawyer who served 16 years in the U.S. House before moving to the Senate, is opposed by Genevieve Blatt, the first woman to win a statewide office (three straight terms as secretary of internal affairs).

The Scott-Blatt battle, as well as he campaigning for President, was among the roughest in state election history, featuring harsh words and charges of bigotry, slander and untruths.

The polls opened at 7 a.m. They will close 13 hours later, at 8 p.m.

Clear skies, with temperatures reaching into the 70s, heralded a massive turnout of probably more than five million voters, or at least 85 per cent of the 5,728,359 registered, of which there were more women than men.

ALL PREDICT VICTORY
There were 2,884,396 Democrats and 2,759,565 Republicans with the rest members of minor parties or nonpartisan. The Democrats held a 124,831 edge, largest in years, and compares with their 2,965 lead in 1960 and 11,634 margin in the April primary.

Besides president, vice president and U.S. senator, voters also elected 27 U.S. congress-

men, 27 state senators, 209 state representatives, state treasurer, auditor general, two superior court judges and many local officials.

Leaders of both major parties predicted victory, but the Democrats appeared to be more certain.

DEATHS

MIAMI BEACH, Fla. (AP) — Former president Jose Ramon Guizado of Panama died in Miami Beach Monday of a heart attack.

Guizado, 65, was first vice president of Panama in 1955 when president Jose Antonio Ramon was assassinated. Guizado became president, but served only 13 days.

He was accused of being involved in the death of Ramon and was jailed for several months, but was freed by the Panama Supreme Court.

CHICAGO (AP) — Pierre D. Martineau, 59, director of research and marketing for the Chicago Tribune and international authority on motivation research, died Monday. He was promotion manager of the Memphis (Tenn.) Press-Scimitar before he joined the Tribune in 1946.

MILD VOTING WEATHER
HARRISBURG (AP) — Mild temperatures and mostly fair skies greeted Pennsylvanians today as they went to the polls to cast their votes in the presidential election.

Only in the northwest and north central part of the state was their likelihood of showers, and they were expected to end by noon.

Elsewhere, the skies were fair to partly cloudy with temperatures in the 60s.

Khrushchev had called for a meeting Dec. 15 of Editorial Commission members — representatives of 26 parties who framed the 1960 Moscow blueprint for world Communist strategy.

There had been predictions the December meeting might be postponed until the Soviet-Chinese dispute had a chance to simmer down.

The Soviet Communist party organ Pravda came out Saturday with a declaration supporting Khrushchev's position in the feud with Peking. For the first time since his ouster, the paper denounced "chauvinism" and "petty bourgeois adventurism . . . opportunism and dogmatic or revisionist distortion of theory." All were charges made against Peking at the height of the dispute.

RUSSIA PLANS RED SESSION IN DECEMBER

By HENRY S. BRADSHAW
MOSCOW (AP) — The Kremlin's new leaders are going ahead with Nikita Khrushchev's plan for an international Communist meeting next month, but instead of setting the stage for a showdown with Red China the emphasis apparently will be on unity.

There have been hints Red China might send representatives to try to find out if there have been any Soviet policy changes since Khrushchev's ouster. Peking had said it would boycott the meeting Khrushchev had called to lay the groundwork for a conference of the world's 90 Communist parties.

APPROVE PEKING
A Danish Communist leader who returned home from Moscow Monday told newsmen in Copenhagen Soviet leaders intend to stand firm toward Peking but would try to get back on "speaking terms" with the Chinese.

The Kremlin decision to hold the December meeting was disclosed in a communique after talks with Austrian Communist leaders. It said the discussion "emphasized the necessity of attaining solidarity of the ranks of the international Communist movement and continuing preparations for a new conference of Communist and workers parties and the meeting of the Editorial Commission."

Johnson Votes Straight Ticket
JOHNSON CITY, Tex. (AP) — President Johnson took seven minutes today to vote Democratic all the way in his hill country polling place.

Accompanied by his wife, the President drove his own auto to the headquarters of the Pedernales Electric Cooperative, a rural electrification system he helped set up nearly 30 years ago, to cast the ballot.

He said in advance he would vote the straight ticket "from the court house to the White House."

His wife voted the straight Democratic ticket, too.

There was no secret about the way the Johnsons voted. Reporters were permitted to peer over their shoulders.

This community of 600 was founded by the chief executive's grandfather.

3 NAVY FLIERS DIE IN CRASH
CORPUS CHRISTI, Tex. (AP) — Three Navy fliers, including two from Pennsylvania, have been killed in the crash of their TS2A tracking plane, which was on a training mission.

The victims were Naval Aviation Cadet Gary C. Wertz, 21, son of Mr. and Mrs. Alfred Wertz, of Pottsville, Pa.; Ensign Thomas J. Ellis, 25, son of Mrs. Grace Ellis, of Alden, Pa.; and Lt. Donald A. Jones, 29, of Waverly, Kan.

Wertz and Ellis were not married. They were stationed at the Corpus Christi Naval Air Station.

The plane plowed into a pasture just after takeoff Monday, exploded and burned. According to witnesses, the aircraft suddenly dipped to the left, throttled upward, veered to the right and plunged nose first into the ground from about 500 feet. The plane was from Training Squadron 27.

The wreckage was being sifted for clues to the cause of the crash, which is being investigated by a Navy Board of Investigation.

BOB STEELE IS GREATEST FOR WESTERN FANS

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — Who was the greatest star of western movies?

It's like asking who was the best all-time boxing champ. The question can stir up a storm of argument among advocates of Bronco Billy Anderson, Bill Hart, Tim McCoy, Buck Jones, Hoot Gibson, etc., etc.

There remains a hard core of Bob Steele fans who claim that their hero was the best rider, actor, fighter and the fastest draw of them all. They will be pleased to know that after 40 years in films, Bob is just as hard-muscled and flint-eyed as ever.

NEVER LEFT MOVIES
He has never really left the movie business, though sometimes it has left him. Right now he is appearing in a pair of westerns for producer Alex Gordon, doing a brief role in "The Bounty Killer" and a full-scale villain in "Requiem for a Gunfighter."

Bob (real name: Robert Bradbury) was born in Pendleton, Ore., 57 years ago, appeared in vaudeville with his parents, but spent much of his early youth on ranches in Oregon and Washington. When his father became a Hollywood director, Bob started acting in outdoor films, then as part of the "Collegian" series at Universal.

He became the star of western series and made 188 films over a 20-year period, including the Three Mesquitees series with young John Wayne. During the early talkie period, Bob's producer wanted him to sing.

NOT A SINGER
"I tried one song and it was plain awful," he recalled. "I finally told the producer if he wanted a singer he'd better get another boy. He settled for some cowboys singing around the campfire."

But in time the singing cowboys were to dominate the field. "I remember when they first came in," said Bob. "Old Hoot — that's Hoot Gibson — said to me, 'Have you seen the flowers on their shirts? They won't last a year.' I said, 'They won't last six months.'"

STRIKING FIGURE
"That shows how wrong you can be. We didn't realize the popularity of western-style music with audiences in the South and Southwest. The singing cowboys took over the market, and it couldn't have happened to two nicer guys — Gene Autry and Roy Rogers."

Bob still presents a striking figure with his narrow hips, broad shoulders and barrel chest. A recent attack of bursitis interrupted his usual diet of pushups, so he has lost seven pounds of muscle, down to 150. But the ailment has gone away and he plans to return to his fighting weight.

\$4,000 In Meat Taken From Truck

POTTSVILLE, Pa. (AP) — A tractor-trailer missing from Philadelphia was found near a diner on Route 901 Monday, minus about 20 per cent of its cargo, state police said.

Police said the truck had contained \$20,000 worth of beef when it was taken, during the weekend, from near the Quaker City Cold Storage Co. The truck was owned by the Philadelphia Dressed Beef Co.

TRY MURDER CASE IN IRAN

TEHRAN, Iran (AP) — Summons continue today before the Iranian Supreme Court in the murder trial of Robert Bredin, 39, of Reading, Pa.

Bredin, an American engineer, is charged with killing his wife during a drunken argument last July 31.

In the summation for the defense, attorney Ebrahim Pad said Monday that Bredin was unaccustomed to strong liquor and that he blacked out. Pad said Bredin could have tied up his wife to prevent her from drinking any more, before he blacked out himself. He said Bredin did not learn of his wife's death until that night, when he was told of it at the hospital.

Pad contended that marks on Mrs. Bredin's body could have been inflicted by her own movements as she screamed for drinks. He said that neighbors said they heard her screaming all day.

WASHINGTON (AP) — The National Coal Policy Conference says an Atomic Energy Commission report to President Johnson on water desalination plans completely ignores the possibilities of research and design studies into the use of coal and other conventional fuels for water desalting.

BANKER KILLED

RALLY HEARS SCOTT, BLATT

PHILADELPHIA (AP)—Civil rights was the subject, hard-hitting was the tone and Pennsylvania's rivals for a U.S. Senate seat were the speakers Sunday night at a rally sponsored by the Philadelphia chapter of the National Association for the Advancement of Colored People.

Sen. Hugh Scott, Republican incumbent, charged his Democratic opponent, State Secretary of Internal Affairs Genevieve Blatt, with "mealy-mouthed and complacent" expressions on civil rights, while Miss Blatt spoke of what she called one of the basic precepts of the Judeo-Christian tradition, that we are our brother's keeper.

Scott said Miss Blatt was using "mealy-mouthed and complacent" expressions to hide a campaign of hate.

"I get a little tired of these holier than thou righteous appeals," Scott said. "She (Miss Blatt) appeals to you by using hogwash and trying to make all of you hate me. Aren't you through with hate? How insidious this was."

He said that of all Miss Blatt's 158 employees in the Department of Internal Affairs, only one is a Negro and he serves as a chauffeur.

"If you think she is for you," Scott said, "why has she waited so long? She is a Jennie-comately. I have fought for you for 27 years."
